The District Board may operate or contract for self-supporting auxiliary enterprises in accordance with State Board of Education Rules. Such auxiliary enterprises may include bookstores, food services, vending machine operations and other authorized activities that are a service to, and incidental to, the instructional programs of the College. Purchases from auxiliary funds shall adhere to the standard purchasing procedures of the College.

At the direction of the President and subject to State Board of Education Rules, earnings realized from auxiliary enterprises may be utilized for promotion and public relations, hospitality for business guests, and other expenditures deemed beneficial to the College.

Hospitality expenditures shall not exceed one percent of the prior year total expenditures in the current unrestricted fund.

Auxiliary enterprise funds so used shall be transferred to the current unrestricted fund and included in the approved budget of the College.

The President is also authorized to approve the use of auxiliary enterprise earnings to provide scholarships via a transfer to the College's Scholarship Fund.

Such transfers may not exceed the sum of the Auxiliary Enterprise Fund's prior year earnings balance and earnings for the current year, less amounts budgeted for or committed to other purposes.

After each term is completed, a report listing all auxiliary-funded scholarship recipients and the basis and amount provided for each shall be reported to the District Board.

Full-time, regular employees who have successfully completed 90 days employment with the College, as well as their spouses and dependents, may be eligible for auxiliary-funded scholarships covering matriculation fees (resident tuition only) for up to two courses per semester, plus any related lab fees, at Lake-Sumter State College. The number of students eligible for such scholarships may be limited by available funding.

A completed Tuition Waiver Form, attached to this Board Rule, must be approved by a Human Resources representative prior to course registration.

A grade of "C" or better must be attained and a copy of the course grade transcript(s) must be submitted to the Human Resources Department upon completion of the course(s) to remain eligible for future auxiliary-funded scholarships.

If the student earns a "D", "F", "U" or withdraws from the course(s), the student forfeits the auxiliary-funded scholarship benefit for a full semester. The next auxiliary-funded scholarship will be approved in the second semester after the "D," "F," "U," grade or withdrawal.
